

Occupational Therapist

Jockey Club Rehabilitation Complex

Law Ho Pong

Associate of Social Science in Applied Psychology

Graduated in 2013

In 2013, Ho Pong graduated from the Associate of Social Science in Applied Psychology (ASSAP). A person of determination, he advanced to study his Bachelor of Science (Hons) in Occupational Therapy in the Hong Kong Polytechnic University. Having achieved his academic qualifications, he found his profession as occupational therapist in Jockey Club Rehabilitation Complex under Tung Wah Groups of Hospitals, providing clinical services to those clients with Stroke and Major Neurocognitive Disorder. The clinical services includes cognitive training, reminiscence and reality orientation as well as manual facilitation for stroke. Throughout the professional practice, the knowledge and skills learnt in ASSAP programme is always beneficial to him. He is grateful for what he has learnt in the College.
